

Funerals And Parties

Lapko

I want to raise a little angel
But a world like this ain't for
growing up
What a shame

I have a dream
I'll give you a name
My little angel

I couldn't say no to your
little shoes
How would it feel - a scandal
What a shame

Funerals and parties
Everything is here in this melody
I'll never see your failures
I'll never give you love

Neighbours are home
That's three people
I'm so alone
A scandal
What a shame
