

## Mary The Queer

Lapko

I check up your quiet background  
I check up all your dreams  
You never date longer than a few days  
You don't accumulate

Ultimate wisdom sails in passion  
You make choice that you prefer  
You may go

Former loves star wars & lou reed  
This one saves the nature  
Love is a form of prejudice  
Why torture yourself  
Cause every album hasn't got a single hit?

Astronomical transmission  
Or anything from anywhere  
Give our thoughts five percent  
Give us more emotion here
