

## Scandal

Lapko

Scandal

When You catch a wicked ghost  
Getting dressed in her white dress  
Eventhough your best friend  
Needs wings to help

Scandal

When You realize that  
The evil are right here  
But not in prison  
Fulfill their vision

Everytime is the primetime  
And kind of a sunshine  
Anytime is the primetime

Scandal

You'll have access to hurt  
If you laugh with the girl  
Who has two aggressive Big Brothers  
Scandal  
They'll love you as long as you have  
Something cool on  
"I Love New York"-print  
Would be more than hot

Everytime is the primetime  
And kind of a sunshine  
Anytime is the primetime

1, 2, 3 we're learning about  
Then 16 does not have any love  
33 and it's over now  
666 and there's no reason to count

Everytime is the primetime  
And kind of a sunshine  
Anytime is the primetime
