

Already All Ready

La'Porsha Renae

I won't apologize
You better recognize
I'm hard to handle and I take my time
You wanna a piece of this?
You wanna sneak a kiss?
I hope you're ready for the big time

I'm already all ready (all ready, all ready)
We already all ready (all ready, all Ready)
Do you like it like that? (do you like it like that?)
Cause I like it like that (I like it like that)
I'm already all ready (all ready, all ready, all ready)
We already all ready (all ready, yeah)
Do you like it like that? (do you like it like that?)
Cause I like it like that (cause I like it like that)

Do you like it, do you like it like that?
Do you like it like that?

You better toughen up
Before you pick me up
I need a stronger man to turn me on
I think it could be you, so tell me if it's true
Boy, if it's not, you better get gone

I'm already all ready (all ready, all ready)
We already all ready (all ready, all Ready)
Do you like it like that? (do you like it like that?)
Cause I like it like that (I like it like that)
