

## Bonfire

Låpsley

I would always seem careful with my words when I'm around you  
I don't wanna light that fire tonight  
He's just a boy, and metamorphosis is hard  
And I've taken turn and turn against the tide when you need it  
I don't wanna light that fire  
I don't wanna light that fire tonight

Don't say "I love you"  
Don't say "I love you"  
Don't say "I love..."  
'Cause it's habitual

Don't say "I love you"  
Don't say "I love you"  
Don't say "I love..."  
'Cause it's habitual

I would always seem careful with my words when I'm around you  
I don't wanna light that fire tonight  
He's just a boy, and metamorphosis is hard  
And I've taken turn and turn against the tide when you need it  
I don't wanna light that fire  
I don't wanna light that fire tonight

Don't say "I love you"  
Don't say "I love you"  
Don't say "I love you"
