

Dial Two Seven

Låpsley

Step off the plane
Red dust on white Nike
I don't take calls from ex anymore
I don't write scripts
Spike Lee no film roll
Come from the left, move right
Change ID
See I can be the girl you need on the low
Let your friends know
Let your breathe slow

Chase light
Summer summer migrate like
Soul tied
I want a love so tight

Step off the plane
Red dust on white Nike
I got nothing to lose you can count on me
All new shoes you can count on me
Dial two seven in the AM
It's north to the Cape by the PM
Ride Uber to see him in the east end
It's sex in the city for the weekend

Swept off the ground I'm feeling high like he
Knows how to tick my boxes
Border cross this
Open up to me
Come from the small town
Watch the sun go down
Nothing like gold over Hillbrow
Nothing like me and you right now
Ego stand down

Chase light
Summer summer migrate like
Soul tied
I want a love so tight

Step off the plane
Red dust on white Nike
I got nothing to lose you can count on me
All new shoes you can count on me
Dial two seven in the AM
It's north to the Cape by the PM
Ride Uber to see him in the east end
It's sex in the city for the weekend

Summer summer migrate like
Soul tied
I want a love so tight
