

# Drowning

Lápsley

Mother, I've been questioning the truth  
I've been wishing away my youth  
Mother, I don't feel a sense of calm  
Living in a constant state of alarm

You said I could always swim so far  
I was like a fish in water  
You said I could always swim so far  
I was like a fish in water  
I could always swim so far  
I was like a fish in water

So why am I?  
Drowning, drowning, drowning, drowning  
Ooh, why am I?  
Drowning, drowning, drowning, drowning  
So why am I?  
Drowning, drowning, drowning, drowning  
Ooh, why am I?  
Drowning, drowning, drowning, drowning

Father, I've been running with the wolves  
I've been tryna keep my cup half full  
I tread water  
Father, I get lost in my own head  
And I remember everything you said  
I tread water

You said I could always swim so far  
I was like a fish in water  
You said I could always swim so far  
I was like a fish in water  
I could always swim so far  
I was like a fish in water

So why am I?  
Drowning, drowning, drowning, drowning  
Ooh, why am I?  
Drowning, drowning, drowning, drowning

So why am I?  
Drowning, drowning, drowning, drowning  
Ooh, why am I?  
Drowning, drowning, drowning, drowning

So why am I?  
Drowning, drowning, drowning, drowning (Slipping under surface)  
Ooh, why am I?  
Drowning, drowning, drowning, drowning (Slipping under waves)  
So why am I?  
Drowning, drowning, drowning, drowning (Slipping under surface)  
Ooh, why am I?  
Drowning, drowning, drowning, drowning (Slipping under waves)
