

Happy Now

Lápsley

Happy now
Are you happy now
Tell me how
I don't think much about it
Can you tell
Can you tell me how happy you are

Better now
Are you better now
Tell me how
I don't think much about it
Can you tell
Can you tell me how better you are

And I don't look back
But there's mirrors in my room
Mirrors in my car
Pictures in my head

And I don't text you
But there's words across my bed
Letters in the air
Poems in my head

Happy now
Are you happy now
Tell me how
I don't think much about it
Can you tell
Can you tell me how happy you are

Better now
Are you better now
Tell me how
I don't think much about it
Can you tell
Can you tell me how better you are

And I don't look back
But there's mirrors in my room
Mirrors in my car
Pictures in my head

And I don't text you
But there's words across my bed
Letters in the air
Poems in my head

Happy now
Are you happy now
Tell me how
I don't think much about it
Can you tell
Can you tell me how happy you are
