

Smoke And Fire

Låpsley

Dive bars
Jumping between cable cars
Driving in the fast lane
Riding on the last train

Green lanes
Running through the June rain
The pleasure and the deep pain
Petrol and a match flame

I know you see me
Through smoke and fire
I know you see me
Through smoke and fire

Mile end
Glances at the drive in
Fingers barely touching
Electric through our bodies

Hackney
Running down the River Lea
And you hold my hand so tightly
Seconds till the bus leaves

I know you see me
Through smoke and fire
I know you see me
Through smoke and fire

All of my fears burn
I'm on fire love
23 once

All of my fears burn
I'm on fire love
23 once

I know you see me
Through smoke and fire
I know you see me
Through smoke and fire
I know you see me
Through smoke and fire
I know you see me
Through smoke and fire

All of my fears burn
I'm on fire love
23 once
