Get Up

Lapush

So it starts in a lonely town
Down the empty street over there
Where no tourists gather around
Choking up the air

Theres only spaces in between
All the faces you dont see
I wish you could tell whats on my mind
Cuz youre going on like a child

Get up
Get up

Its all right
You kick up the flames and start a fire

On the road where the traffic is stuck
And the parents dont give a f**k
When your blues are all youve got
Always on the mind

Theres only spaces in between
All the faces you dont see
I wish you could tell whats on my mind
Cuz youre treating me like a child

Get up
Get up

Its all right
You kick up the flames and start a fire

Get up
Get up
Get up
Get up
