

# Mademoiselle Hyde

Lara Fabian

Share my thoughts if you will  
And guide me through  
I am the kind of mind,  
Who's torn in two  
Dr Jackil or Hyde  
which one? just choose!  
Know I can be from hell or Moulin Rouge  
I'll be yours  
And when you'll have me  
You'll be cursed  
Because you love me  
I've rehearsed  
Every word of the scene

Don't approach me  
Don't touch my skin  
I will burn you alive  
I've regretted  
Though I hate it  
I am m-lle Hyde

I swear I always try to stop the game  
When it's goodness I play  
I get check-mate  
When I am just about  
To beat the beast  
It's half a nature I fight  
That I release  
Hold me tight  
May be this time I'll escape  
The dark evil side  
If you dare  
I'm ready to surrender

Now approach me  
Now touch my skin  
I will keep you alive  
I've regretted though I hate it  
I am m-lle Hyde

Don't approach me  
Don't touch my skin  
I will keep you alive

You approached me  
You touched my skin  
Now you are mister Hyde
