We are the Flyers

Lara Fabian

Never fly before you can Make sure you don't have to land Or somebody's gonna to hurt Gravity has the final word And it's always gonna win

There's gonna come the time You gonna be in the safe safe place to fall Oh, oh Before you say goodbye You better make sure you've said it all Oh, oh

So come and hold me tight Let's just let's dance on the wire Don't worry cause tonight Tonight we are the flyers

Never lie unless you can Remember words come back again Just like faders in the wind They can rise and fall and spin Sometimes they will lock you in

There's gonna come the time You gonna be in the safe safe place to fall Oh, oh Before you say goodbye You better make sure you've said it all Oh, oh

So come and hold me tight Let's just let's dance on the wire Don't worry cause tonight Tonight we are the flyers

So come and hold me tight Let's just let's dance on the wire Don't worry cause tonight Tonight we are the flyers

So come and hold me tight Let's just let's dance on the wire Don't worry cause tonight Tonight we are the flyers
