I Hate A Liar

Larissa Lambert

I hate a liar but right now I wouldn't trust me
Done with you, I lied
With you, I tried
I hate a liar but right now I wouldn't trust me
I want you, right now
If it ain't you, nah nah
I want you round
And no one else
No you remind me of me
I hate a liar but I'm lying if I say
That I don't want you around, I need you around me

Sometimes I just wanna be naive
Cause you give me something to believe in
You tell me get dressed we're going out this evening
How many other girls you text this too?
Hop in the coupe
Knowing full well that you got options, I got options too
But my heart bigger than my head is
Even though sometimes I wanna wrap my hand round your throat like a necklace
Sometimes I'm to reckless
It's bitter sweet
But it's been this way since I was 17
You gas me up, like my tank on E
And I let it slide, cause you got what I need
I need

I hate a liar but right now I wouldn't trust me
Done with you, I lied
With you, I tried
I hate a liar but right now I wouldn't trust me
I want you, right now
If it ain't you, nah nah
I want you round
And no one else
No you remind me of me
I hate a liar but I'm lying if I say
That I don't want you around, I need you around me

It's like your the only child so used to getting your way
It's not black and white, we found love in the grey
It's written all over your face when you plead your case
You lie with technicalities
Omission is the same thing where you choose to hide a piece
That's the shit that puzzles me
You know I still wanna fuck up the sheets
Interior fuck up the seats
Lying through my teeth
Cause you got what I need
Maybe lately we just got too deep?
We should go, somewhere you and me
I'm selfish I just want you all for me
For me

I hate a liar but right now I wouldn't trust me
Done with you, I lied
With you, I tried

I hate a liar but right now I wouldn't trust me
I want you, right now
If it ain't you, nah nah
I want you round
And no one else
No you remind me of me
I hate a liar but I'm lying if I say
That I don't want you around, I need you around me

I hate a liar but right now I wouldn't trust me
I want you, right now
If it ain't you, nah nah
I want you round
And no one else
No you remind me of me
