

# Make Me Better

Larissa Lambert

I don't know why I hide how I'm feeling  
But when you ain't there for me, hurt my feelings  
The way you got me good, got me stuck on you  
I probably do anything you want to, oh yeah  
Won't you do it one more time a time for me?  
You can use me one more time, take your time with me  
You can tell the truth, know you don't gotta lie to me  
You feel what I feel I know...  
My legs just like my eyes, wide open  
You the one that rock my boat  
You da make it all make sure  
Your top make me make up my mind  
But when you ain't there for me you hurt my feelings

Make me better (ooo you)  
Take it there (ooo you)  
Don't gotta beg (ooo you)  
Cause I'm right here for you (for you)  
Make me better (ooo you)  
Take it there (ooo you)  
Don't gotta beg (ooo you)  
Make a good girl bad when she want to

You soaking wet when I come in the room  
Grab a mop and a bucket when I'm done with you  
Oh yes I know it's over due  
Let me grab your hips and fix that attitude

Gyali afi go up your palm tree  
And ama roll up the laundry  
Take vitamin D when you're hungry  
We go dey do hanky panky  
Baby would you come closer  
I'm your controller  
Heat up your stove  
I'm coming over  
When you need closure  
Drown in your ocean

I don't trust you with my feelings  
You weighing me down  
And when you ain't there for me you hurt my feelings

Make me better (ooo you)  
Take it there (ooo you)  
Don't gotta beg (ooo you)  
Cause I'm right here for you (for you)  
Make me better (ooo you)  
Take it there (ooo you)  
Don't gotta beg (ooo you)  
Make a good girl bad (for you)

Make me better (ooo you)  
Take it there (ooo you)  
Don't gotta beg (ooo you)  
Cause I'm right here for you (for you)  
Make me better (ooo you)

Take it there (ooo you)  
Don't gotta beg (ooo you)  
Make a good girl bad when she want to
