

Ride It

Larissa Lambert

Baby, feel me ride it
We're all alone
Ride it
I take it all
Ride it
You lose control

Baby, feel me ride it
We're all alone
Ride it
I take it all
Ride it
You lose control
You love it when I ride it
Gon' fall in love
Ride it
Can't get enough
Ride it
Baby, it's all yours

It's way too early for this
Don't know how you got me
I know we just fucking
But maybe this could be something else
Is this love (Love)?
Maybe it is
Craving your love and your kiss

Baby, feel me ride it
We're all alone
Ride it I take it all
Ride it
You lose control
You love it when I ride it
Gon' fall in love
Ride it
Can't get enough
Ride it
Baby, it's all yours

Baby, I'm all yours, don't gotta let no one know
Ooh close ain't never close enough
Hands on your body, never lose my touch
Ride it till we lose control
We ain't ever gotta fight it no
Girl I'm craving your love and your kiss

Baby, feel me ride it
We're all alone
Ride it
I take it all
Ride it
You lose control
You love it when I ride it
Gon' fall in love
Ride it
Can't get enough

Ride it
Baby, it's all yours

Baby, feel me ride it
We're all alone
Ride it
I take it all
Ride it
You lose control
You love it when I ride it
Gon' fall in love
Ride it
Can't get enough
Ride it
Know it's all yours
