

Bad Spell

Larkin Poe

Boy, you cast a bad spell
A bad spell over me
You got me ringing like a doorbell
You bot me buzzing like a yellow bee
Boy, you cast a bad spell
A bad spell over me
And when I catch you, you're gonna catch hell
I'ma get ya in the first degree

Oh, it's a bad spell
Talking 'bout a bad spell

Boy, you fast as lightning
Lightning in the rain
You're kicking sparks like a fuse box
You been rattling my window panes
Boy, you cast a bad spell
A bad spell over me
You better beware, you better take good care
I'ma get ya, it's a guarantee

Oh, it's a bad spell
Talking 'bout a bad spell
A bad spell
Bad spell over me
Oh, you cast a bad spell
A bad spell over me

I had a premonition
And I don't wanna be right
But I saw that black cat creeping
On my front porch last night
Who's that on my telephone
When I hear that line go click
I'm gonna light a single candle, y'all
But you know I can't resist a bad spell over me

A bad spell over me
Oh, a bad spell over me
Bad spell, bad spell
Bad spell, bad spell
