

# DANDELION

Larkin Poe

"Dearly beloved  
We are gathered here today  
To say 'Goodbye'  
To that girl in the coffin over there"

(Make a wish, blow a kiss, baby  
Leave me crying)  
(Gather dirt and weeds for her)  
(So hard, so hard)  
(Gather dirt and weeds for her)  
(So hard, so hard)

Everybody's happy just to hear a...

Here lies a star  
In death she is free and flying  
Let us take a breath, make a wish, blow a kiss  
Here lies a star  
As fierce as the teeth of a lion  
Dandelion, dandelion, dandelion

(Gather dirt and weeds for her)  
(Gather dirt and weeds for her)

Here lies a star  
In death she is free and flying  
Let us take a breath, make a wish, blow a kiss  
Here lies a star  
As fierce as the teeth of a lion  
Dandelion, dandelion, dandelion

(Gather dirt and weeds for her)
