

Don't

Larkin Poe

Honey don't bust down my door
Tellin' me what I should do
You've been around time and again
But you don't give a damn about where I've been, no

Don't try to lie
Don't try to tell me
Don't try to buy me
Don't try to sell me

(Don't) I know what I am
(Lie) I know what I need
Don't try to sell me

Honey don't you swagger in
Grabbin' for a quick steal
You may think you're top shelf
But so does everybody else
And we all paid our dues

Don't try to lie
Don't try to tell me
Don't try to buy me
Don't try to sell me

(Don't) I know what I am
(Lie) I know what I need
Don't try to sell me

What I am is what I am
What I need is what I need
What I want is what I want
Give it all and give it free

Don't try to lie
Don't try to tell me
Don't try to buy me
Don't try to sell me

(Don't) I know what I am
(Lie) I know what I need
Don't try to sell me
