

Fly Like an Eagle

Larkin Poe

Angel of mercy took me to her breast
Said "go to sleep, I'll take care of the rest"
So I obeyed, it was all I could do
Out for the count but now I think I'm coming to

I'm picking OxyContin in a dream state
Won't try to fight it, honey, I'm a light weight

Fly like an eagle
Fly like an eagle, fly
Fly like an eagle
Fly like an eagle, fly

This is your doctor, we got good news and bad news
Your circuit's blown, we gotta pull a fuse
We'll have you up and running in no time
We're gonna stitch you up like Bride of Frankenstein

I'm picking OxyContin in a dream state
Won't try to fight it, honey, I'm a light weight

Fly like an eagle
Fly like an eagle, fly
Fly like an eagle
Fly like an eagle, fly

Fly like an eagle
Fly like an eagle, fly
Fly like an eagle
Fly like an eagle, fly
Fly like an eagle
Fly like an eagle, fly
Fly like an eagle
Fly like an eagle, fly
