

Keep Diggin'

Larkin Poe

Every saint has a past. some's a winner, some's a loser
It depends who you ask for the truth or a rumor
Or a rumor
If you can't stand the heat better get out of the kitchen
Talk is dirty cheap, you know the people gonna listen
Gonna listen

Who talkin' to who, they talkin' bout us
You know they talkin' that trash gotta go pick it up
Who's lyin' to who, they lyin' too much
Rattling bones on the payphone, diggin' it up
I said who talkin' to who, they talkin' bout us
You know they talkin' that trash gotta go pick it up
Who's lyin' to who, they lyin' too much
They talkin' dirt on the payphone, diggin' it up
Keep diggin', keep diggin'

Well I heard it from a friend, you were talking to a neighbor
Who was peeking through the blinds, she said she'd call you later
Call you later
Now it's ringing off the hook and the story's getting twisted
Catching dirty looks, you're just a time bomb ticking
Just ticking

Who talkin' to who, they talkin' bout us
You know they talkin' that trash gotta go pick it up
Who's lyin' to who, they lyin' too much
Rattling bones on the payphone, diggin' it up
I said who talkin' to who, they talkin' bout us
You know they talkin' that trash gotta go pick it up
Who's lyin' to who, they lyin' too much
They talkin' dirt on the payphone, diggin' it up

Hear what they say, see what they do
Well if it don't match up they prob'ly lying to you
Hear what they say, see what they do
And if it don't match up I might be lying too

Who talkin' to who, they talkin' bout us
You know they talkin' that trash gotta go pick it up
Who's lyin' to who, they lyin' too much
Rattling bones on the payphone, diggin' it up
I said who talkin' to who, they talkin' bout us
You know they talkin' that trash gotta go pick it up
Who's lyin' to who, they lyin' too much
They talkin' dirt on the payphone, diggin' it up
Keep diggin', keep diggin'
