

# Long Hard Fall

Larkin Poe

And me, I cried when I told the truth  
I cried when there was no use  
Cause I still had to leave  
And you, you took it all in stride  
With a face cold and dignified  
Like it was over due

Oh, I am home sweet suitcase, there is room around my table  
For the open hearted, flyin' steady or unstable  
Out we go wings are patched  
Those below the paddock hatch  
Cause it's a long hard fall from here

Good bye, no school play production of tears  
No storm clouds no rain drops appear  
To easy to painless and baby that's why

I am home sweet suitcase, there is room around my table  
For the open hearted, flyin' steady or unstable  
Out we go wings are patched  
Those below the paddock hatch  
Cause it's a long hard fall from here

Oh, we are home sweet suitcase, there is room around our table  
For the open hearted, flyin' steady or unstable  
We are on our way  
Perfect chaos and disarray  
And it's a long hard fall, it's along hard fall  
It's a long hard fall from here
