

Summertime Sunset

Larkin Poe

My baby is a killer
She don't even care
How she do is criminal
Moves like a millionaire

She's such a stunner
It hurts to watch too long
Like a summertime sunset
She burns until she's gone

So hot in the summertime
Southern love got you on my mind
Swing low sweet cherry pie
Southern mama, got you on my mind

She speaks in a whisper
A silenced twenty-two
Destruction in a fur coat
Trains her eyes on you

Bruised is her color
She'll never break the skin
Like a first time cigarette
She hooks you then she reels you in

So hot in the summertime
Southern love got you on my mind
Swing low sweet cherry pie
Southern mama, got you on my mind

So hot in the summertime
Southern love got you on my mind
Swing low sweet cherry pie
Southern mama, got you on my mind
So hot in the summertime
Southern love got you on my mind
Swing low sweet cherry pie
Southern mama, got you on my mind
