

Tired

Larkin Poe

Sitting on a job from nine to five
It's all I have to do to stay alive
Thinking to myself, "Is it worth it?"
I really need some comfort from you now
'Cause I'm not used to wake up at this hour
Long before the morning's even started

When I'm home from work, it's all a drag
'Cause I'm so tired of always being sober
I just can't wait until this day is over
(The cigarettes are killing me, I know)
(It's just one way of many to go)
I don't see why I should even bother

My stomach's aching everytime I sleep
Maybe it's the secrets that I keep
I can't ever seem to stop that wondering
(So, then, will you tell me where to go?)
('Cause I'm so tired of being on my toes)
(I just want to be yours until it's over)

Ohh ohh ohh ohh ohh
(Ooh ooh ooh ooh ooh ooh ooh ooh)
(Just want to be yours until it's over)
(Ooh ooh)
(Ooh ooh)
Just want to be yours until it's over
