Well I'm a cold beer at the end of the day
I ain't old but I'm set in my ways
I'm a man with a plan and a taste for freedom
And I got 34 acres on the county line
Paid the last note, now it's mine, all mine
A white frame house with a front porch swing for dreaming

I might not be some fantasy
The biggest shot in town
But I run like an old John Deere
Won't ever let you down
Take all your love and all your troubles
Lay 'em all on me
'Cause I come with a good strong back
And a lifetime guarantee

I keep on ticking like a Timex watch
I'm a train rolling, you can set your clock
When you call me you know I come running to you right on time
All I'm tryna say is you can count on me
To be the man that I say I'll be
I'll give you all I got until the day I die, you know that's right

I might not be some fantasy
The biggest shot in town
But I run like an old John Deere
Won't ever let you down
Take all your love and all your troubles
Lay 'em all on me
'Cause I come with a good strong back
And a lifetime guarantee
