

## Remember When

Larry Graham

Doo-doo, doo, doo, doo-doo, doo, doo  
Doo-doo-doo, doo, doo  
Doo-doo-doo-doo, doo  
Doo, doo, doo, doo-doo-doo-doo, doo, doo

Remember when our love first started  
We started out as friends  
Do you remember  
When it wasn't so long ago  
We danced and dined at special places  
We fell in love and then  
We joined as one forever  
I know you remember when  
We'll always remember when

Some time has passed and we're still together  
Happy as we were then  
We should always remember  
What brought us together then  
Recall to mind only the good things  
Forget about all the bad  
Let's look ahead together  
Remembering fun we've had  
Let's always remember when

Remember when we said together  
We'd overcome anything  
As long as we stick together  
Can't anything come in between  
My love for you and your love for me  
Is strong as it was then  
And nothin' can ever change it  
If we always remember when, woah

La-la-la-la, la, we will always remember  
Remember when  
La-la-la-la, la, we will always remember  
Oh, woah, ho, ho, oh  
La-la-la-la, la
