

# Sweeter

Larry Graham

Ooh, ooh-ooh-ooh-ooh

Remember when we first discovered  
What we shared as friends moved us into lovers  
We've been through all kinds of weather together  
But the love we have sustained us through it all

Our love gets sweeter every day that goes by  
Right before our eyes, we keep on growin' strong  
Our love gets sweeter every day of our lives  
Deeper in love, we'll go on and on

This kind of love in a lifetime is truly hard to find  
It's like hidden treasure  
To have one fine pearl, a man would trade a thousand others  
And you're that special girl, there's no doubt in my mind

Our love gets sweeter every day that goes by  
Right before our eyes, we keep on growin' strong  
Our love gets sweeter every day of our lives  
Deeper in love, we'll go on and on

We'll cherish every step  
And we know tomorrow will be even brighter  
And if troubled winds do blow  
We'll hold our tidal, tidal, tidal

Sweeter every day that goes by  
Right before our eyes, we keep on growin' strong  
Our love gets sweeter every day of our lives  
Deeper in love, we'll go on and on, oh  
(Sweeter every day that goes by) Oh  
Right before our eyes, we keep on growin' strong, and our love  
(Sweeter every day of our lives) And our love, ohh  
(Deeper in love) Deeper in love  
(Sweeter every day that goes by) And our love, and our love, ou  
r love  
Ohh, ohh, ohh  
(Sweeter every day of our lives)  
Deeper in love, we'll go and on  
(Sweeter every day that goes by)  
And right before our eyes, we'll keep on growin' strong, woah,  
woah  
(Sweeter every day of our) Oh, sweeter
