

Any Day

Larry June

Whippin' the 'Rari, what a broke piece of shit
Sippin' a motherfuckin' orange juice
You can't make this shit up
If you knew better, you'd do better, baby, uh
And we ain't fuckin' around with you niggas, uh
Yeah, baby, ayy, ayy, ayy, ayy, ayy, ayy, ayy, ayy

If you really wanna win, you gotta take them steps
I done had every whip, I need more investments (Uh)
I took a lot of L's, but I'm still thankful
'Cause it's not really an L if you gain somethin'
Chairs in my crib by Jean Prouvé (Ayy)
If you wanna make a difference, gotta change somethin'
On my way to a dollar, thinking mathematics
That's savage, pushed the dude Daniel with my hat backwards
This not white gold, baby, this platinum (Baby, this platinum)
It's not a typo, baby, I'm happenin' (Ayy, hold on, hold on)
My bitch ain't gotta trip on shit
We out in Tokyo, spending on fashion (Good job)
Street nigga but my income passive
I can talk this money shit in Spanish (Mucho dinero, my friend)
But I be on some whole other shit, I'm calculatin'
This the infrastructure, this the innovation (Uh)

And what you appreciate, appreciate
I'ma come through in foreign, nigga, on any day
(Ayy, ayy, ayy, ayy, ayy, ayy)
I'ma give it my all, nigga, on any day (Any day)
I'ma keep it a thou, nigga, on any day (Any day)
(Monday, Tuesday, Wednesday) Nigga, on any day (Any day)
(Thursday, Friday, Saturday) Nigga, on any day
(Hit 'em wit' it) (Any day)

Expired tag, I ride with a lawyer
Come to your residence and you die in your foyer
I still ask the price and I can afford it
Plenty equity, I'm a property hoarder
What's in my pocket, a rock of the quarter
Wish a nigga would, I'm coppin' sequoia
Tried to hide the pain, put molly in water
As soon as 12 left, I was right on the corner (Yeah)
I was getting top like top of the morning
After the performance, I hopped in a foreign
Labels like your style, they might even clone you (Yeah)
I was smoking at the house, a popular loner (True)
But when I step out, my aura's enormous
Familiar with the story, the hare and the tortoise
Slow and steady always gon' be my pace
Determination and consistency win the race

And what you appreciate, appreciate
I'ma come through in foreign, nigga, on any day
(Ayy, ayy, ayy, ayy, ayy, ayy)
I'ma give it my all, nigga, on any day (Any day)
I'ma keep it a thou, nigga, on any day (Any day)
(Monday, Tuesday, Wednesday) Nigga, on any day (Any day)
(Thursday, Friday, Saturday) Nigga, on any day

(Hit 'em wit' it) (Any day)

Nigga, on any day (Any day, any day, any day, any day)

Nigga, on any day (Any day, any day, any day, any day)

(Any day)
