

Dreams

Larry June

Oh you get off work at 5?
Tired of that sucka shit huh
Yeah
Come fuck with the big dogs
Yeah
I'm every square bitch dream
White tee, dope man knot, hammer on me
I'm every square bitch dream
Whip clean, everywhere I go niggas know me
I'm every square bitch dream

Conversion on the Glock make the 40, 50
And my fit fresh and I'm smoking sticky
When I'm in Seattle I'm like Ken Griffey
Fuck you talkin bout, fuck you talkin bout
Hit licks, hit licks, break bitch, break bitch
Two hammers, two hammers, eight clips, eight clips
Three spots, three spots, eight whips, eights whips
Don't try, don't try, I get chu, I get chu

I'm every square bitch dream
White tee, dope man knot, hammer on me
I'm every square bitch dream
Whip clean, everywhere I go niggas know me
I'm every square bitch dream
White tee, dope man knot, hammer on me
I'm every square bitch dream
Whip clean, everywhere I go niggas know me
I'm every square bitch dream

Hold the hammer steady got a better chance to hit it
Really bout my fetty play with that and I get you
Dip, dip, dip, dip tryna shake the blenders
Hip, hip, hip, hip home for the Nina
We was taught to swing
We was taught to eat
I practice what I preach
I'm dusting off my cleats
My hoes got to have it
My home is not a lease
I'm biking with this gleek
A 40 cal at least

I got global entry
My flow is so prolific
My palms steady itching
Recording in the kitchen
Pop, pop, trunk, trunk
Tippin, tippin, running, running
Bitches, bitches, love me, love me
Niggas, niggas, fuck em, fuck em

I'm every square bitch dream
White tee, dope man knot, hammer on me
I'm every square bitch dream
Whip clean, everywhere I go niggas know me
I'm every square bitch dream

White tee, dope man knot, hammer on me
I'm every square bitch dream
Whip clean, everywhere I go niggas know me
I'm every square bitch dream
