

Floating P's

Larry June

Lately I've been feeling crazy right
Mackin' bitches rocking St Laurent (Uh, Yeah)
You never know when they gon hit em back (Sock it to me)
That's why i always keep my family Glock
Orange juice driving in the bay
Whole lotta shit on my mind
I'm just glad to see another day

It was a clear afternoon the bitch chose up
It was something about the hoe, I couldn't get enough
She put it in a nigga hand with no issues
I don't think I never had a hoe this cool (Good job!)
She like liked to get her weave done out in Sac
Certified money getter that's a fact
I like your style (Style)
I like your swag (Swag)
I'm feeling player
Let's take the ride

I'm not a pimp I'm your friend
Come to me I got a plan
Don't worry, I got your back (Groovy!)
Let's buy whips (uh)
Let's make racks (Yeah)

I want your loving baby (Sock it to me, Groovy)
I need your loving baby (Yeah baby keep it going now)
I need your loving baby (Sock it to me, Sing it to em' Larry)
I need your loving baby (i need you)

I go by the name P worthy, and I'm a Capricorn
They say we stubborn

But we sure know how to get it
Fast living and easy money
In the land of milk and honey

Now sweetheart, don't go too far now
My name is Larry and I'm a Aries
When I seen your beautiful face
I knew, we can do anything we want in this world now
Yeah Sock it to me!

I want your loving baby (Sock it to me, Groovy)
I need your loving baby (Yeah baby keep it going now)
I need your loving baby (Sock it to me, Sing it to em' Larry)
I need your loving baby (I need you)

I need you, like you need me
Put it in my hand for a real life P
Take you around the world, I can do that bitch
Overseas and Europe, we can take that trip
But when I say get to it, better do that bitch
Don't be scared of the M's, it can change your life
Don't listen to your friends they ain't doing it right
The last P was a clown, nigga ruined your life
Just believe in me, and I'll lead the way

Come be with a king don't walk away

I want your loving baby (Sock it to me, Groovy)

I need your loving baby (Yeah baby keep it going now)

I need your loving baby (Sock it to me, Sing it to em' Larry)

I need your loving baby (I need you)
