

From Uncle Herm Pt. 2

Larry June

If I feel you tryin' to intimidate me or manipulate me
The gangster ghetto attitude in me rises to the top immediately
I love that flexibility in me
I still got that penitentiary mentality
Every day presents new opportunities
Let me salute all the Larry June fans
And wave to all the beautiful ladies pursuin' their destiny
Love one another, be cool with each other
I'm proud of what I do
I'm proud of my nephew Larry June too for reachin' back
And bringin' me back and puttin' me back in the studio booth
Microphone check 1-2, 1-2
I'm consistent with who I am
I don't pretend to be somethin' I'm not
I'm seein' cookies of different shapes that smell great
And drinking orange juice that taste great
Stop bein' a coward, have a little bravery and creativity
Take positive action in the right direction
Even if you need a attitude adjustment
Yes, Lord, good job, Larry, way to go, Herm
Yee hee, yup yup, that's him

Aha, you goin' stupid
Ayy, that was perfect
