Whole lotta game
I told him put me in coach
Ima breath of fresh air
Baby let the wind blow
Game recognize game
And most of these nigga's fronting
These nigga's tripping over hoes
You better cuff her if you love her
I'm the hottest nigga in the winter
And the coldest is in the summer and
I come from the biggest block
We known to put'n nigga's under
You know I been about a dollar
And I'm standing on dat business
And Ima Real Street nigga
Vow to never be a witness
Got em upset
They know I see the envy
From the diamonds round my neck
I know where I come from
It ain't no way I'm gone forget
It's a couple nigga's switch
But I'm the same
I love to see my people winning
I'd never go against the grain
Two bad bitch's I can't pick
I want em both
Shit, I always had a little
But now I'm known to do the most
Shit, they call me Presidente
You know I'm feeling like a sensei
And one thing I don't do is what a bitch say
