I'm in rare form, know that they praying for him to stop (I won't)
New foreign, I just did a coupe tour in the lot (Let's go)
Entertaining the opps, know it hurt 'em to watch
Never heard of this watch but I still gotta cop
I just touched down, threw a surprise party for Pops
Back in the field, you know it's more to the plot
I ain't even checkin' the scoreboard, I stopped (What for?)
Double up on this world tour then drop again
While you looking for a block to spin
I'm international Blxst, you can't box me in
My circle full of elites, we could not be them
Put a lot of folks in position, guess I gotta be him
If it's real let it be known, we ain't gotta pretend
Long as we got respect, we ain't gotta be friends
You know hustlers don't sleep, I embody the trend
Maybe that be the reason she keep calling, she keep calling again

Yeah

Keep calling (Keep calling)
Hmm, I keep ballin' (Keep ballin')
Baby, I'm standing on business so flawless (Sheeee)
Baby, my diamonds still hit and they flawless, yeah
Aye, they keep calling (Keep calling)
Hmm, I keep on ballin' (Keep ballin')
Baby, I'm standing on business so flawless (Sheeee)
Baby, my diamonds still hit and they flawless

Phone ringing, she got the news
I'm movin' on, you ain't get the clue?
You did me wrong, I'm done with you
Ten thousand blues what I'm thumbin' through
Picking up my- in this Bentayga
Fly her out the way, secret location
Kiss her on the lips right before breakfast
Coppin' Van Cleef, nigga, with the extras
Rose gold piece and the diamonds special
Pulled off in the Porsche playing 'My Confessions'
I just play the game, never sweat her
Knew I had to change, got my bread up
I keep ballin', putting in work, still turning down offers
International with it, yeah, I get it 'round the globe
I'm focused on growth, nigga, staying on my toes, what's happenin'?
(Aye, aye, aye, aye)

Yeah

Keep calling (Keep calling)
Hmm, I keep ballin' (Keep ballin')
Baby, I'm standing on business so flawless (Sheeee)
Baby, my diamonds still hit and they flawless, yeah
Aye, they keep calling (Keep calling)
Hmm, I keep on ballin' (Keep ballin')
Baby, I'm standing on business so flawless (Sheeee)
