

Woke up in a mansion with a kilo in the kitchen  
Thirty-six O's of that A1 Whitney  
Net worth 420, 'bout to touch a milli'  
Came from project livin' but that added to my vision  
Text my ex-bitch at night, then I realized I was trippin'  
Man, I need to smoke a wood, hit my nigga for the killer  
I ain't got too many friends, I be chillin' with my jeweler  
Took my ho to play some tennis set up shop around two  
Man, I gotta stay true, so I still slide through  
Check the trap before I dip, take the bitch to get a juice  
Feelin' groovy, drop the roof, man, these hoes know how I do  
At my honey comb hideout with a bitch that's full Peruv', ay, damn

Yeah, ridin' to my old shit on my way to kick it with some hoes  
Pop some more with 'em, but I'm still focused  
House by the ocean, tough spot in Oakland

My whip white like Ronald Reagan  
My left wrist on Roc Nation  
Twin turbo took the bitch racin'  
I'm takin' model hoes on vacation  
Specialized Bape, four thousand, had to grab that  
Cute lil' bitch, leggings on in the dash  
She cook and she clean and her pussy game fantastic  
Love is not a dream, yeah, you fuckin' with the real Larry  
Four in the morning, grab the Uber, you can link with me  
Roll another A, ay, you can hit the beach with me  
We can touch at least fifty, just come spend a week with me  
I know the reason why you hit me, baby, keep it G with me  
Forty bought a flow shifter, mackin' on a gold digger  
Fuck a ho that don't listen, baby, make the right decision  
Twenty thousand off the dribble first time hittin' figure  
Tough spot by the ocean just to keep my racks up

Yeah, ridin' to my old shit on my way to kick it with some hoes  
Pop some more with 'em, but I'm still focused
