

Ocean Beach

Larry June

Breakin down this weed, on the cashier's check
Your heart might stop, if your Rollie get wet
To live like this, it's gonna cost you a check
I'm out in San Diego smokin' kush with Sledgren
I am not signed, I just look like this
Sledgren on the beat, so I can't miss
A flight to Australia, fuck it I'm with it
A buss down green juice, my smoothie 6.50
When I bought my first beamer, I shouldn't have did it
I stacked 10 thousand dollars and put it all in it
Then drove off clean, car wash I'm gleamin
Meet me in Burlingame, by the Four Seasons

I'm at Ocean Beach, with my niggas we just fuckin wit it
Sippin Tito's, lemonade and little sprite in it
18 carat gold watch, little ice in it
Baby pump the gas, I'm countin up and smoking top shit
To live like this, it's gone cost a light penny
Switching lanes in my foreign, in my blue and white [?]
I could not complain, I been doing my thing
And I never changed, put some respect on my name

On a Mirabella sailboat, sipping wine and eating cheese
Baby with me Filipina
Living life from overseas
Pay the right price, and I could have this to you instantly
I'm a business man, I do numbers while sipping Hennessy

My life is a bliss
Your life is a bitch
Bruce with the kicks
You never know who listening
Working under pressure
All that shit be necessary
Goyard to switch on the ones, now I'm killing niggas

I'm at Ocean Beach, with my niggas we just fuckin wit it
Sippin Tito's, lemonade and little sprite in it
18 carat gold watch, little ice in it
Baby pump the gas, I'm countin up and smoking top shit
To live like this, it's gone cost a light penny
Switching lanes in my foreign, in my blue and white [?]
I could not complain, I been doing my thing
And I never changed, put some respect on my name
