

# One Time

Larry June

Bitch my rims ten thousand, I ain't trippin' off a deal  
A lot of niggas reap about it, but I do this shit for real  
Drink some macha in the mornin', then I wipe down my skill  
I'm recordin' with a Glock on me in case shit get real  
I would never snitch, I am not a bitch  
Can't do the time, don't do the crime  
Bitch ass nigga, that's how it is  
Up that guap, buy another crib  
Niggas just talk, they ain't 'bout shit  
All up in their feelings, trippin' on the bitch  
Reppin' off B, tryin' to skeet, bitch did great, see you next week  
Glock 23, playin' with the threes, fresh white T, loaf on me  
I don't need niggas, I got me  
I ain't scared of shit, nigga, I squeeze  
Countin' racks, gettin' back overseas  
Little bitch, black white Philippine

Ay, ay, ay, ay, hee-hee, just hit a lick for a fifty  
That's a whole lot, I can buy a block  
I can buy a house, I can buy a yacht  
I don't got one bitch, I got a flock  
Doin' donuts in the white drop  
Everything I do is A-1, straight drop out the pot  
Roll another chop, goin' through a lot  
But I still, cops lyin' to the block  
Bust another knot, green bean modded and I kept his car  
Livin' on the edge, shit don't stop  
I don't want head bitch, want guap  
Had to touch the .45, it was hot  
Look, pulled up in that thing, bitch  
Real nigga never change, bitch  
Hit the blunt and them lanes, bitch  
Big money my language (Yeah, yeah)

Should I trap? Should I rap? I don't know all this time  
Should I keep this thug or do it for all time?  
Should I love her? Should I send her?  
I don't know, off the top  
Should I trap? Should I rap? I don't know

Should I trap? Should I rap? I don't know  
One time  
Should I trap? Should I rap? I don't know  
(I like that)
