Orange Juice In Vancouver

Larry June

(La Musica de Harry Fraud)

Man lost my wallet hopping out the 50, but fuck it though
Jumped in the game headfirst and got my money up
Spit it like no other in the game you niggas honey butt
Still got some hoes in Vancouver that will run it up

Wiping down the rims on my Benz you think it's better lying
Parked the Vette in Daly City and hopped in the 650
Had to bust a move in Santa Clara so she came with me
Getting tricky I got 200 I could turn licky
Valet when I check into my hotel
I just don't rap about this shit bitch my life real
Classy bitch that could go a break a trick still
56, 000 for the watch fuck a record deal
On the PCH I stopped and parked just to clear my mind
I don't ever fuck on random hoes bitch I'm certified
Reading a book in my living room looked up and saw a yacht
Had to gas up the Grand nash to go and bend the block

Man lost my wallet hopping out the 50 but fuck it though
Jumped in the game headfirst and got my money up
Spit it like no other in the game you niggas honey butt
Still got some hoes in Vancouver that will run it up

See Larry that's my brother fuck this rap shit
Cause we was doing doubles on our trap shit
Trips to Vegas, knocking hoes in little Tokyo
Bitch answer the phone never hit me with that okey doke
Staying low ducking code but you know that's the show
Try to leave the game but love the game could never let it go
Besides I was always into extra dough
Take it slow, but I heard it goin up in New Mexico
Underground forever but I'm next to blow
Lexus owned, I don't do the lease baby you should know
Had to pull up tp the Beverley and then she chose
Polo Lounge, I remember when I use to be Polo down

And that's all facts nigga
And Jay owrhty that's my motherfuckin' brother you know what I'm sayi
n'?
Harry Fraud what's happening
Numbers
Good Job Larry ay ay ay ay

Man lost my wallet hopping out the 50 but fuck it though
Jumped in the game headfirst and got my money up
Spit it like no other in the game you niggas honey butt
Still got some hoes from Vancouver that will run it up
