You ain't gotta say much, you can say less (Say less)  
What's on your mind? (What's on your mind?)  
What's been causing you stress?  
What's on your mind? (What's on your mind?), yeah  
Ain't seen you in awhile, oh, you're hard to forget (Woah), yeah  
(Hard to forget)  
Ain't seen you in awhile, you're hard to forget, mm (Mm)  
So special (Yeah, yeah), calling out for you-oooh  
Hoping you hear my echo (Echo)

She say if she can't have all of me (Can't have all of me, can't have all of me, can't have all of me)  
Then baby it's no reason why you calling me (Calling me, calling me, calling me)  
She say she think we need some more time (More time, more time)  
But you don't mean that, baby, don't lie  
Yeah, damn, uh (Ayy, ayy, ayy, ayy, ayy, ayy)

You ain't gotta say much, you can say less (Say less)  
What's on your mind? (What's on your mind?)

Say yes (Say yes, say yes)  
(Yeah) Just like Harriett (Harriett), underground railroad  
Better love somebody, ain't surer than my household  
If you love me, say yes  
Yeah, it's like brownstones  
Communication is everything  
Can't keep yo' mouth closed  
Happy as I can be, even though my pride's closed  
I erased everything, my past gone  
Looking for somebody who ain't looking for my passcode

You ain't gotta say much, you can say less (Say less)
