I have recreated myself by being prepared  
For the musical opportunity presented to me  
By one of the hottest rap artists in the music industry  
I've been organically influenced  
Larry J and me, we out here to party  
Then, it's goin' to be a no-spendin' spree  
To evaluate the possibility of bein' debt-free  
In this corrupt society, while I speak realistically  
Positivity is inspirational, so ya'll cheerin' for me  
And I feel obligated to let y'all know it's great to see  
Productive, enjoyable activities, organic smoothies  
Eatin' healthy, smokin' cannabis greenery cookies  
Equally more satisfying lifestyle  
You free to be real, instead of perfect  
Be authentic, instead of fake  
You are free to be yourself, even if you make mistakes
