It's middle of the summer and these hoes is ready
My speakers is knocking, my pockets is heavy
I'm checking my phone, stopped by the 7-11
In the parking lot chilling, I'm just counting the extra
I'm sticking to my mans 'cause his price is better
I put some hammers on the fifty and I Louis my leather
My tooley Beretta, my shoelie Margiela
Fasholy I'm activated, clocking the cheddar
I'm making them mad, I Herme the bag
I sherbert the Jag', I'm Bernie the Mac
It's rules to the game, I'm glued to the paper
It's six in the morning but I touch eight
I'm in the back of the Maybach, poonded
Heading to my show like Truman
Bad bitch in the kitchen and she juicing
Put a kick on a horse, now it's moving

Three piece riding
Clocking pay-ola
Put it in my palm
Show me that you own it
Baby hella fine, I wonder if she going?
Three piece riding
Three piece riding

Sliding through the point
I'm not a rapstar, bitch, it's thirty in this joint
But I don't want no smoke, I really just be cool

I'm tryna get some money, I could fly you to the Hamptons
Three-three piece ride
Light skin and chocolate, hand wops and choppers
Band for the eyes, caught 'em by surprise
My bitch rock a bob, my clip hold a lot

My whip auto-drive, I smoke and I glide
Pictures when I walk in, I be going all in
