

Until Night Comes

Larry June

Don't trip 'bout me, I just move how I move
Put nothin' past them 'cause they gon' move how they move
Hundred thou' on the hood, so it move how I move
Shit goin' so fast, I ain't even gotta move

Gotta put that work in, even when a nigga up
Know they lookin' down on me, I don't really give a fuck
I been workin' on myself, tryna get more funds
In the mornin' took a run, only drove the Rari' once
I move how I move and I does what I does
Got a Kula on the whoopty when I'm out eatin' lunch
Smokin' on Pazookie, 3-5 in the blunt
Yeah, I'm sayin' in the trunk, yeah, I'm sayin' if it's up
Uncle Sam to a slut, let me get back to subject
I'm up now, I'm up next, yo' money up, she up neck
That's just how that shit go, gotta do what you do
Ain't all that shit cool, recognize shit ain't sweet
Aye, aye, aye, aye

Don't trip 'bout me, I just move how I move
I just move how I move
Put nothin' past them 'cause they gon' move how they move
'Cause they gon' move how they move
Hundred thou' on the hood, so it move how I move
So it move how I move
Shit goin' so fast, I ain't even gotta move
Aye, aye, aye, aye

Why snooze? Might lose
Nice watch, nice shoes, might cruise right through
She was high, me too
Quarter milli' for the chains, I'm a boss, that's how I do
Roll one, make room
She don't go to the club, stay home, take shrooms
See the blogs, fake news
When the squad bait, choose, did it all, paid dues
Been doin' this for so long, I ain't knew to this
Get fly with me, she a Chrome Heart stewardess
No time to stay here and kick it, I'ma roll to and dip
Know what they say, I'm really him, so a nigga can't miss

Don't trip on me, I just move how I move
(I just move how I move)
Put nothin' past them 'cause they gon' move how they move
'Cause they gon' move how they move
Hundred thou' on the hood, so it move how I move
So it move how I move
Shit goin' so fast, I ain't even gotta move
Aye, aye, aye, aye

It ain't even 'bout the bread, I been drippin' so long
Nigga, thirty-five summers gettin' right, doin' wrong
It's a marathon, so when a nigga clockin' laps
I'm downloadin' data to drop off in these raps
I'm a money guy, keep the Harleys in the house
Juice in the fridge and a dime on the couch
Got a young thang, a old thang, a Cougnut on gold thangs

I slid in with LJ and slid out with your thang
It's hard bein' me, but I do it well
And I would rather buy a vow than to take a L
You know we blowin' good by the way it smell
And this shit I'm rollin' up, it is not for sale, oh

Don't trip on me, I just move how I move
I just move how I move
Put nothin' past them 'cause they gon' move how they move
'Cause they gon' move how they move
Hundred thou' in the hood, so it move how I move
So it move how I move
Shit goin' so fast, I ain't even gotta move
Aye, aye, aye, aye
