

## Without You (Blxst Interlude)

Larry June

(Ooh, yeah, ayy)  
It gets to the point in this life where it's like  
(Ooh, yeah, ayy)  
A nigga only need one bitchl ya heard me  
(Ooh, yeah, ayy)

Baby, you the one for me (Baby, you the one for me)  
I just want to hold you down (I just want to hold you down)  
Don't worry 'bout nothing, baby (Don't worry about a thang, girl)  
I just wanna hold you down (Yeah, yeah)  
She my ride or die (Yeah, yeah)  
She my ride or die (Oh, yeah)  
The moon, the stars, the money, the cars  
It don't mean a thing to me without you  
The money I make, the things I do  
It don't mean nothing, babe  
And that ain't gon' ever change (Yeah)

I been around  
Still ain't the one like the one that I found  
You got me stuck  
Liftin' you up while you holdin' me down  
Tiffany bracelet, how you so patient all the time?  
Never steppin' out of bounds when I triple double out of town  
Get the money since you been around  
You like my lil' lucky charm or somethin'  
These bitches really ain't talkin' 'bout nothin'  
Soon as I'm up, they come all the sudden  
Gotta be close to home  
Never do what I don't condone  
Fuck the money if it come between us  
I'll leave this shit all alone

Baby, you the one for me (Baby, you the one for me)  
I just want to hold you down (And I just want to hold you down)  
Don't worry 'bout nothing, baby (Don't worry about a thang, girl)  
I just wanna hold you down (Yeah, yeah)  
She my ride or die (Yeah, yeah)  
She my ride or die (Oh, yeah)  
The moon, the stars, the money, the cars  
It don't mean a thing to me without you  
The money I make, the things I do  
It don't mean nothing, babe  
And that ain't gon' ever change

I fuck with you and only you (Yeah, yeah)  
You got my back, I got yours too  
Sock it to me (Swang)  
(Ooh, yeah, ayy)  
(Swang)  
It don't mean a thing to me without you (Oh, oh, yeah, ayy)  
It don't mean a thing to me without you (Oh, oh)  
It don't mean a thing to me without you (Oh, oh, yeah, ayy, oh, ooh)

You already know what time I'm on  
Take a little drive to Half Moon Bay and shit  
Just me and you

Wake up in the morning  
Drive back to the city  
Got you lookin' at views and shit, yeah  
You already know how I'm rockin'  
Man
