

# Rock the Flock

Larry Norman

Rock the Flock

When you're out on the street spread the Word around, man,  
Rock the flock!

When you're out on the street spread the Word around,  
Tell the people you meet, to lay their burdens down  
Let everybody know where you're comin' from  
Rock the flock! Rock the flock, till kingdom come!

Jump and scream, kick and yell,  
Raise your voice so they can hear you at the gates of hell,  
Don't hide back, don't hide the light  
Shake off your fear, jump into the fight, yeah

Rock the flock, rock the flock  
Rock the flock, rock the flock

There's a world outside, and it's fallin' apart  
If you love your brother, then open up your heart,  
And if your brother needs help, give him some,  
Rock the flock, till kingdom come!

Rock the flock, rock the flock!  
Rock the flock, rock the flock, till kingdom come!  
Rock the flock, till kingdom come!  
Rock the flock, till kingdom come!  
Till kingdom come, till kingdom come!  
Till kingdom come!  
Rock the flock, rock the flock!  
Rock the flock!!
