Switchblade

Lars Frederiksen and the Bastards

I don't go anywhere without my switchblade,
I don't go anywhere without my crew.
I don't go anywhere without no protection,
I don't go anywhere without my weapons.

I don't go anywhere without my switchblade,
I don't go anywhere without my crew.
I don't go anywhere without no protection,
I don't go anywhere without my weapons.

Well I grew up on the palms, I was raised by bikers.
Got a friend in Quenton another in Rykers.
At the age of 21 Rancid Punx, well I'm a lifer.
There will be an autercation if I tell ya I don't like ya.
Well I earned my stripes, juvinille detention centers.
Got love for my boys, thanx for all the letters.
Well some say I'm crazy and others think I'm bold.
But one thing I'll tell ya well I'm not untouchable.

I don't go anywhere without my switchblade,
I don't go anywhere without my crew.
I don't go anywhere without no protection,
I don't go anywhere without my weapons.

Fuckin' disgusting like two crack whores with G.A.S.H. gushing.
Ain't no tellin' who be tellin' keep bellin', I'm past fussin'.
Fuck 'em, I found a new love my .357 and my best little back up bitch a blac
k smith and wesson.
I got a glock 19 with a lazer inside.
And I'm the one you need to watch for when we go on a ride.
I'm ridin' shotgun slumped with the shotgun pumped and if I spot one jump th
en the shotgun dump.
Get Some!

I don't go anywhere without my switchblade,
I don't go anywhere without my crew.
I don't go anywhere without no protection,
I don't go anywhere without my weapons.

Well when I roll in with my crew you know we cause a sensation.
Mi familia por vida, got a bad reputation.
Well you step up to us boy, well we got the ammunition.
One flick of my knife it's the end of conversation.
Got a partner to the left of me another to my right,
We got ladies in the back for later in the night.
Well I told you we were crazy, I told you we were bold.
With my switchblade at my side,
Well my crew's untouchable.

I don't go anywhere without my switchblade,
I don't go anywhere without my crew.
I don't go anywhere without no protection,
I don't go anywhere without my weapons.
I don't go anywhere without my weapons.
I don't go anywhere without my weapons.
I don't go anywhere without my weapons.

I don't go anywhere without my switchblade,
I don't go anywhere without my crew.
I don't go anywhere without no protection,
I don't go anywhere without my weapons.
