

# No Goodbye's

LaRue

If I could look back on me what would I see?  
I'd see this as a dream coming to a place that's  
Been our heart and soul  
See the pieces in our life  
Falling faster into time  
And in the end I want to say

Chorus  
no goodbyes  
Just smile  
Don't cry  
To embrace life  
live in this time

I don't know how long or far we'll go  
But I know that You have called us so  
Been our heart and soul  
We've done it all with no regrets  
And to be the first who says

Chorus
