

## Unite

LaRue

I feel the tension in our lives  
We're waiting for the Son to rise  
I feel the closing of this time  
God is calling forth His bride  
And she will unite in our lives  
As we fall in love with Christ  
Yes, we will unite in this time  
If we're bold enough to say

Now we stand together  
Singing praises of surrender  
Lord, heal our hearts and make us one  
We are the ones who will proclaim  
The power of God upon this age  
And we will unite in our lives  
As we fall in love with Christ  
Yes, we will unite in this time  
If we're bold enough to say

Heal our hearts and make us one  
Make us one  
Make us one
