

## All The Same

Last Days Of April

I try so hard to please you  
I try so hard everyday  
I try so hard to meet you  
I try so hard to meet you halfway

But it's all the same  
It's all the same to you  
Darling will this ever change  
It's all the same  
It's all the same to you  
Darling please, just stay awake

I've tried to know you  
And all your shades of grey  
I've tried so hard to tell you  
All you've wanted me to say

But it's all the same  
It's all the same to you  
Darling will this ever change  
It's all the same  
It's all the same to you  
Darling please, just stay awake

It's all the same  
It's all the same to you  
Darling, please  
It's all the same  
It's all the same to you  
Darling please, just stay awake
