

I'm thinking deeper now that my eyes are red
Breathing in the clouds cos I'm over it
There's nothing I have to answer for
Cos I'm not faced by them anymore

Will you ever know the truth hidden from yourself
Keep your heart away for your mental health
Cos I know you understand
How it goes

It's the only time of day, I'm always
It's the only thing I feel, that's always
If only you can feel this with me
Maybe you would change your mind and tell me

I'm counting down the days till you realise
You can't pretend to know without open eyes
Take this chance to understand
How it goes

It's the only time of day, I'm always
It's the only thing I feel, that's always
If only you can feel this with me
Maybe you would change your mind and tell me

She pulled me in and said
Oh darling you're right
You need to fix yourself
I thought I told you last time
I'm going back again
You can't change my mind
You never make no sense

It's the only time of day, I'm always
It's the only thing I feel, that's always

It's the only time of day, I'm always
It's the only thing I feel, that's always
If only you can feel this with me
Maybe you would change your mind and tell me
