

# Hanson Ghost

Last Dinosaurs

Point in time  
It feels crazy to describe  
When all the stars align  
And the world just feels beautiful  
Moving fast but we're slowing down at last  
I feel good in my skin again  
Oooo

Getting sick of waking up  
Every morning feeling tired  
Feeling pressure to wake up  
Another 7 am flight  
And I'm feeling rude  
I wouldn't talk to me  
Been acting a fool living on 3 hours sleep

Point in time  
It feels crazy to describe  
When all the stars align  
But the world just feels beautiful  
Moving fast but we're slowing down at last  
I feel good in my skin again  
I feel good in my skin again

I been drinking way too much  
Living up a vicious cycle  
And I just miss my fucking dog  
He doesn't judge people like I do  
And I been glued to my phone screen  
And I'm in a mood cause I just wanna be

Cuanto mas debo esperar?  
Cuanto mas debo esperar?

Point in time  
It feels crazy to describe  
When all the stars align  
But the world just feels beautiful  
Moving fast but we're slowing down at last  
I feel good in my skin again

Oooo  
I feel good in my skin again  
Oooo  
I feel good in my skin again  
Oooo  
I feel good in my skin again  
Oooo  
I feel good in my skin again
