

Put Up with the Weather!

Last Dinosaurs

Good luck
My friend, have had too much
Stop tryin' to act so tough
I know that you care
But don't you dwell on past times
Just take it easy, ooh
You can put all of your eggs in a basket
Walkin' the tightrope, balancin' on my head
I keep my gaze ahead
Ah, I could put up with the weather
I think I kind of like the winter, ah (Ah)
Ah, we could move in together
Don't wanna make you feel the pressure, ah (Ah)
Future
Don't think of it, do you?
Or maybe you do, yeah
I see that you're scared
You let the past take over
See it ain't easy, ooh
Ah, I could put up with the weather
I think I kind of like the winter, ah (Ah)
Ah, we could move in together

Don't wanna make you feel the pressure, ah (Ah)
You can put all of your eggs in a basket
Walkin' the tightrope, balancin' on my head
I keep my gaze ahead
And when I get old
If we get old
Hope that I don't forget how to praise you
Precious metals
Nothing to them
But maybe time we forget isn't for free
Ah, I could put up with the weather
I think I kind of like the winter, ah (Ah)
Ah, we could move in together
Don't wanna make you feel the pressure, ah (Ah)
Ah, I could put up with the weather
I think I kind of like the winter, ah (Ah)
Ah, we could move in together
Don't wanna make you feel the pressure, ah (Ah)
