

# Devil In Me

Last In Line

Don't fall in love with a dreamer  
Cause you'll always live a fantasy  
I'll make you a believer  
When those dreams become reality  
When the eyes control, your heart and soul  
You never seem to break the day  
But the righteous man, could wave his hand  
And cast it all away  
When I climb the mountain  
Or part the sea  
I stare the sun down  
To kill that devil in me  
Exorcise your demons  
before they eat you whole  
Cause when the sun goes down  
Shadows abound are breaking your down slow  
With a silent hand  
To the beat to a million broken hearts  
The eyes below, will grab your soul  
and beat you to the ground  
When I climb the mountain  
Or part the seas  
I stare the sun down  
To kill that devil in me  
Shout it from the rooftops  
Until the day of fate  
I'll shoot a hole in the sun  
To kill that devil in me  
To kill that devil  
Wake up and sound the alarm  
Evil has come to town  
Don't go running scared  
And if you dare, to fight your way through the dark  
Your fear is a lie  
Controls you from inside  
When push comes to shove  
Just the eyes above  
And keep your faith alive  
When I climb the mountain  
Well I'll part the seas  
I'll tear the sun down  
To kill that devil in me  
Shout it rom the rooftops  
Until the day you fear  
Well I'd shoot a hole in the sun  
To kill that devil in me, to kill that devil  
To kill that devil  
The devil  
The devil  
Wake up and sound the alarm  
Your fear is a lie  
Your fear is a lie
